

Santech Holdings Limited Announces Official Rollout of E-Commerce Segment

November 5, 2025

NEW YORK, NY, UNITED STATES, November 5, 2025 /[EINPresswire.com](https://www.einpresswire.com/)/ -- Santech Holdings Ltd. ("Santech" or the "Company") (NASDAQ: STEC) today announced the official rollout of its e-commerce segment. Following the completion of a beta testing phase, the Company has now commenced full-scale operations.

Through its wholly owned subsidiaries, the Company's e-commerce business will initially operate under a resale model, offering high-demand products such as consumer electronics. The business will first target major North American marketplaces, including Amazon. Santech plans to begin scaling its e-commerce operations before the end of 2025 and intends to drive long-term growth through a range of initiatives, including, but not limited to, introducing additional product categories, expanding to new marketplaces, launching private-label products, and forming manufacturer and/or wholesale partnerships in 2026.

The expansion into e-commerce represents a major operating initiative since the Company fully exited from its legacy wealth management and asset management businesses in fiscal year 2025. The Company has since pivoted toward developing high-growth businesses in technology-driven verticals. Further initiatives and additional investments are currently under research and development.

About Santech Holdings Limited

Santech Holdings Limited (NASDAQ: STEC) is a technology-focused company. The Company is actively developing technology businesses in verticals including e-commerce, digital assets, consumer healthcare, and other areas of consumer and enterprise technology. The Company believes that early-stage technology ventures may offer exceptional growth opportunities, and seeks to identify and nurture such high-potential ventures.
